COMPLIMENTARY GUEST INVITATION:

Cloud Security 360 Roundtable

Enabling a secure cloud: benchmarking intelligent cloud security

17 April 2018 – The Swan, Shakespeare's Globe Theatre, London

Roundtable discussion: 14:00-17:00.

Behind the scenes tour: 17:00-17:30.

Networking reception: 17:30-19:30.

Dear Colleague,

You are invited to attend this multi-faceted benchmarking discussion for CISOs, CIOs and senior risk and technology in-house professionals directly responsible for greater adoption of cloud. Invited guests will share good practice taken from lessons learned in managing cloud risk and security to create a '360 health-check' and response plan. Unique rotating roundtable discussions will focus on security risks across the various parts of the cloud security infrastructure – tackling internal silos head on as threats become ever more advanced in the era of digital innovation.

Co-hosted by Pulse Conferences and Company85, the **Cloud Security 360 Roundtable** provides the opportunity to examine in-depth and with combined peer group brain power, these different risk perspectives – CFO, GRC, CIO and CERT.

We hope you will find this the ideal time and place to connect with peers. Expand your network of trusted contacts to strengthen your cloud security capacity and receive threat intelligence about cloud vulnerabilities, due diligence for 3rd party supply chain, incident response measures and defending appropriately in the context of cloud adoption.

Situated in the unique setting of **Shakespeare's Globe Theatre**, this inspiring space is the ideal venue for creative thinking. There is a private behind the scenes tour of the Globe theatre arranged for you before the networking reception starts.

If you can accept this invitation, kindly reply using the details below to confirm that you can attend. Confirmations will be done on a 'first to confirm' basis. **There is no cost to attend this private discussion.**

Many thanks for considering this invitation. We look forward to hearing from you soonest.

Yours sincerely,
Team Pulse Conferences

Speakers

- **David Cripps**, CISO, **SETL**
- **Quentyn Taylor**, Director of Information Security - Europe, Middle East and Africa, **Canon**
- **Further CISOs, CIOs, senior strategists and innovators**

Topics

A multi-faceted '360' look at how the **CISO and cybersecurity directors** engage with other key functions that are directly involved in key cloud decisions for investment, governance, innovation and resilience.

Roundtable 1: JUSTIFICATION: Cloud investment (CFO/ Business engagement perspective)

- Proven ways to win investment budget for your security strategy for the cloud
- What are the financial risks and opportunities involved in cloud adoption
- What is the strategic mission of cloud migration
- Security costings

Roundtable 2: WHAT ARE THE RISK CONSIDERATIONS: Health risk check (GRC perspective)

- Risks of unsanctioned cloud applications to your security stance
- Legal, privacy and GDPR challenges with the cloud
- Supply chain due diligence
- Security audit considerations
- What should be agreed in advance in the cloud provider contract?

Roundtable 3: ACHIEVING THE CIO/CTO VISION WITH SECURITY BY DESIGN: Cloud innovation and transformation (CTO/CIO perspective)

- What key business technology risk decisions do we make
- How are we wrapping security around infrastructure

Roundtable 4: RESPONDERS PERSPECTIVE: Cloud incident response (CERT/ CNI perspective)

- What is the scope, source, magnitude and management response
- What data and information should be collected
- Who is on the crisis team
- At what stage should customers be informed
- Insider attack versus attack via your cloud provider

Structure

Two facilitators (a practitioner and a senior strategist) will lead each table. Each of the 4 tables will focus on a given different 'perspective' of cloud security risk. Attendees will be asked to select 2 out of the possible 4 Roundtables below, rotating in groups with each session lasting for 50 minutes. Facilitators and a note-taker will remain fixed to each table to lead and capture the key discussion points, observing The Chatham House Rule.

Shared output benefits

Notes will be taken throughout the roundtable discussions. Once all the feedback has been compiled and written up, the end-result will become the '**Cloud Security 360 health-check and risk plan**', a report that will be distributed to all attendees in the weeks following the event with the combined thoughts and conclusions from the participating leading UK companies.

Timings – half day

14:00-14:20 **Arrivals, tea and coffee**

14:20-14:35 **Introduction and objective setting**

14:35-14:50 **Keynote / Case study**

14:50-15:40 **Roundtables 1-4 each working on a chosen 1st perspective**

15:40-15:45 **Short coffee break** and participants rotate to chosen new table. Facilitators remain fixed to their perspective.

15:45-16:35 **Roundtables 1-4 each working on a chosen 2nd perspective**

16:35-16:55 **Conclusions** - each table shares back key findings to the whole group

16:55-17:00 **Close of Roundtable**

17:00-17:30 **Behind the scenes tour at the Shakespeare's Globe Theatre**

17:30-19:30 **Networking reception**
