6-8 July 2022
 Hotel President Wilson
 Geneva

Cybersecurity Leadership and Resilience Strategies

"Refreshing views of security topics for knowledge improvement!"
CISO, Credibom

"It is hard to describe what an amazing experience it was to attend, in person, a conference after such a long time. From impeccable and reassuring preconference comms to a beautiful indoor and outdoor setting, excellent speakers and audience engagement, surprisingly unobtrusive vendors where productive conversations were held, without all the sales hype. It will certainly be a conference I will not forget and setting a standard with which, I will hold other conferences to."

Global Deputy CISO, Cushman & Wakefield

Unrivalled Evening Networking Included!

- Welcome Pool Reception
- Boat Cruise
- Lunches
- Tastings & Cultural Walking Tour
- Dinners!

Trusted community - creating meaningful interactions for CISOs and cybersecurity luminaries

Supporting Associations

"By far the best event I have attended. I always makes an effort to attend CISO 360 as it is not just an event, it is a trusted community that comes together from around the world!"
Group CISO and Group DPO, MS Amlin

Dear Colleague,

On 6-8 July, against the stunning backdrop of Mont Blanc and Lake Geneva, the President Wilson Hotel in Geneva will play host to strategic conversations with some of the most knowledgeable personalities in the cybersecurity industry from all over the world. Created and hosted by Pulse Conferences, the 6th CISO 360 Congress - Geneva 2022 brings together CISOs and international cybersecurity leaders - from practitioners to luminaries –to compare and share how they are leading teams and driving their businesses forward, as well as their visions for the future.

CISO 360 - Geneva 2022 follows recent successes in Barcelona, Lisbon, Rome and Windsor. View highlights and video testimonials here from the previous CISO 360 Congress, hosted in Windsor last year and see what 2022 holds - www.ciso360congress.com.

Through keynote lightning talks, case uses, panels, think tanks, fireside chats and during the evening networking receptions, dinners, and a boat cruise, we get to know and challenge ideas. We will learn what plans CISOs are making, what drives them and where their journey is heading. We will benchmark cybersecurity strategies, tactics and tools with peers while we experience unrivalled learning and engagement. The journeys, predictions and game-changers will span cloud computing, cyber in geopolitics, supply chain, detection, response and recovery, human security and culture, privacy, IoT, AI, SOC – plus breaking cybersecurity news – during this two and half day interactive programme.

- Connect, innovate and leave inspired. Sit with peers who you know are largely facing a similar set of risks and opportunities
- Benchmark in a trusted space with fellow CISOs, practitioners and for meeting technology luminaries
- Learn from business executives, risk managers and technology luminaries outside the security 'echo chamber'
- Engage in meaningful interaction with CISOs, innovators, investors and luminaries to collaborate

Agenda at a Glance – Geneva 2022

All participants are invited to attend the networking events, an integral part of the CISO 360 experience.

Tuesday, 5 July - Welcome Reception

19:00-21:00
 Welcome By the Pool Reception –President Wilson Hotel. Fly in and join this crucial ice-breaker!

Wednesday, 6 July - CISO 360 Congress Day 1

08:00-08:30
 Coffee and Registration

08:30-17:30
 Congress (13:00-14:00 Lunch and refreshment breaks)

18:00-18:30
 Meet Up Drinks Glow Bar President Wilson Hotel before group walks to the pier

19:00-22:20
 Boat Cruise Reception and Dinner - Lake Geneva
 Kindly sponsored by:

Thursday, 7 July - CISO 360 Congress Day 2

08:30-08:55
 Welcome Coffee

09:00-17:30
 Congress (circa 13:00-14:00 Lunch and refreshment breaks)

18:00-20:00
 Cheese, Wine and Meats Tastings & Walking Tour of old town Geneva. Kindly sponsored by: **riskrecon**

20:00-22:30
 Dinner - Café Papon. Kindly sponsored by:

Friday, 8 July - CISO 360 Roundtable

09:00-12:30
 Roundtable Discussion

12:30-13:30
 Lunch on the Terrace and Goodbyes

"Nowhere else will you find such relevant content for CISO's, shared by leaders in their fields"

CISO, NATS

"Great speakers, great networking, intelligent discourse, Pulse CISO 360 Congress has it all!"

08:00-08:30 Welcome and Coffee

- 08:30 Chairperson's Opening Remarks**
 Marcus Alldrick, CISO Luminary
- 08:35 Opening Keynote Emerging Cyber Defence and Hybrid Landscape – What's next?**
 Host Nation
- 09:00 Opening Keynote Cyber Threats and the Boardroom**
 Hear insights on the challenges we all face, with an exponential attack surface being created through digital transformation, complex supply chains as well as insider threats. How we can build collective resilience and a culture of good cybersecurity governance to defend our organisations. How might we tip the scales back in our favour? How may CISOs leverage their own boards more effectively?
 Host Nation
- 09:20 Keynote Minimising the Impact of the Next Log4...**
 Alyssa Miller, Business Information Security Officer (BISO), S&P Global Ratings (U.S.)
- 10:00 Panel Building a security target operating model and defendable framework**
 • Practical insights shared on how to build a highly effective cyber function.
 • Driving technology and innovation, building high-performing technology teams • Adapting to new corporate and geographic cultures and building business alignment • Top tips on how to build cybersecurity in the building blocks of an organisation • How can we co-lead digital transformation and help to define and implement the global IT strategy?
 Led by: Simon Riggs, CISO, Avon (UK)
 Panellists: Dr. Runli Guo, CISO, Gett (UK) | Matthias Muhlert, CISO, HARIBO (Germany); Allen Ohanian, CISO, Los Angeles County (U.S.);

10:30-11:00 Coffee Break

- 11:00 Keynote Lightning Cyber Defence Matrix**
 The Cyber Defense Matrix (CDM) helps people organize and understand gaps in their overall security program. This session will unveil several new use cases of the CDM, including how to map the latest startup vendors and security trends, anticipate gaps, develop program road maps, capture metrics, reconcile inventories, improve situational awareness, and create a board-level view of their entire program.
 Sunil Yu, CISO & Head of Research, Jupiter One (U.S.)
- 11:20 Keynote Lightning Attack Pathways : Discover the paths attackers could use**
 Bernard Montel, EMEA Technical Director and Security Strategist, Tenable
- 11:30 Case study How to threat model an AI-based system**
 Dr. Runli Guo, CISO, Gett (UK)
- 11:50 Keynote Ransomware Realities - Case stories, legal views, data exfiltration threat landscape evolution**
 As ransomware attacks continue to have a significant impact on businesses as organisations across the globe, what are the methods, impact and mitigation cost and disruption. Insights on the techniques cyber criminals are using to increase the effectiveness of their criminal activity, touching on nation-state attacks and ransomware.
 • Case stories and legal view on ransomware • What are possible solutions to prevent ransom payment? • Common and emerging tools used in ransomware attacks • New criminal business models - Ransomware-as-a-service (RaaS) business model • How can we prepare and practice for a ransomware attack?
 Nathan Green, Sr. Subject Matter Expert: Cyber & Dark Web, Dataminr
- 12:10 Keynote Lightning 5 Tips on Data discovery for CISOs today**
 Stephen Cavey, Co-founder & Chief Evangelist, Ground Labs (Singapore)

12:30-13:30 Lunch (Terrace)

- 13:30 Case Study Building a product/digital health programme**
 Nick Gerteisen, Deputy CISO, Smith + Nephew (U.S.)
- 13:50 Keynote Lightning 5 Tips on Data discovery for CISOs today**
 Stephen Cavey, Co-founder & Chief Evangelist, Ground Labs (Singapore)
- 14:05 Case Study Future SOC**
 Ian Amit, Former CSO, Cimpress and Hunters (U.S.)
- 14:20 Why geopolitics matters for cyber professionals**
 Amidst rising global tensions, states are increasingly using hostile cyber activities to advance their political goals. This means that geopolitical intelligence, indicators and forecasting are essential for anyone managing cyber threats. How can cyber professionals can use geopolitical intelligence to anticipate cyber threats? Hear political and security forecasts for events with potential implications on the cyber threats that organisations may face.
 Thomas Murphy, Strategic Intelligence Manager, Dragonfly (UK)

14:35

CISO Think Tanks

Table discussions co-led by a CISO and a Strategist, with feedback on the key talking points presented back from the stage at the end (circa 30-40 minutes).

Topic 1: Cyber Financials - Should cyber "assets" be treated as liabilities?
 Co-led by CISO and Strategist

Topic 2: TBC:
 Co-led by Bev Allen, Head of Infosec Assurance, Quilter (UK)

Topic 3: Holistic DevOps Security: bridging software engineering and security worlds to keep pace
 Co-led by Simon Maple, CTO, Snyk and a CISO

Topic 4: Automating Network Asset Management: How are we as CISOs evaluating, implementing and investing in approaches?
 Co-led by CISO and Strategist

Topic 5: Real Risk Indicators: How can we bridge the gap between identifying and remediating risk?
 Co-led by Ray Stanton, Executive Partner, IBM (UK)

Topic 6: Managing the "new shiny" impact
 Co-led by CISO and Strategist

15:30-16:00 Afternoon Tea Break

- 16:00 Fireside Chat Cyber Skills Workforce Gaps - Are we making progress? what can we tip the scales in our favour?**
 How to build and keep a highly functional security team; Talent retention; Diversity and inclusiveness in infosec; People (hiring/retaining). CISO leadership reflections on how they are driving their company's cybersecurity strategy forward? • What should CISOs and information security executives focus on now to generate business value? • How are you improving your ecosystem to prepare for and mitigate the changing threat landscape? • What makes a good CISO? How do we measure our effectiveness as CISOs? • What good "health-check" metrics are we using?
 Led by: Stuart Robertson, CISO, Phoenix Group (UK)
 Jelena Matone, CISO, European Investment Bank (EIB) and President, Women Cyber Force (Luxembourg); Paul S. Raines, Chief Information Security Officer, United Nations Development Programme (NY, U.S.); Torquil Macleod, Director, Via Resource (UK)
- 16:30 Keynote Lightning How can I be forgiven?**
 Gadi Evron, CISO-in-Residence, Team8; Chairman of the Board, Israeli CERT (Israel)
- 16:50 3 ways that ASOC improves the efficiency of DevSecOps (Weds)**
 Hear short sharp insights into how streamline software vulnerability testing and remediation by automating workflows.
 Lucas von Stockhausen, Senior Director of Security Engineering – International, Synopsys (Germany)
- 17:05 Keynote Managing stress to pre-empt burnout: Seven strategies from a terrorist attack survivor**
 In this session, Meyli Chapin, a terrorist attack survivor, mental health CEO and author, will provide seven concrete and tangible strategies that CISOs can apply in their organizations to help prevent burnout. Meyli will walk you through how traumatic stress can occur in a corporate setting, what effects it has on the brain and body, how this physiological process can lead to burnout, and how to put her seven key protocols into place to combat these effects and increase the sustainability and longevity of your teams.
 Meyli Chapin, Founder and CEO, Trauma Brace (U.S.)

17:45 Close of Day One

18:00-18:30 Meet Up at Glow Bar to exit at 18:30 sharp for boat departure at 19:00

19:00-22:20 Boat Cruise Reception and Boat Cruise Dinner
 Kindly sponsored by:

Thursday 7 July

08:45-08:55 Coffee

- 08:55 Welcome Back**
 Marcus Alldrick, CISO Luminary
- 09:00 Case Study Business continuity: Changes in the threat landscape and our ability to rapidly react to them**
 Dimitri will talk about his experiences as a board member for the past 3 years, and especially in the war context since February 24th and the challenges faced by the bank.
 Dimitri Chichlo, Independent Non-Executive Director, JSC Ukreximbank and CEO and Owner, AndSecure (Switzerland/Ukraine)

- 09:20 Case study Adapting cybersecurity education to address the future of work challenges**
The recent ILO report - The Next Normal: The changing Workplace in Africa – Ten Trends from the COVID-19 Pandemic that are Shaping Workplaces in Africa - finds that while Africa has been hit hard by the COVID pandemic, workers and enterprises have responded to the challenges with great resilience and adaptability. Digital, communication, innovation and team work skills have emerged as the top priorities. How can CISOs adapt their roles to the new trends and needs in the workspace.
Dr. Viktor Polic, CISO, International Labour Organization (ILO) - United Nations (Switzerland)
- 09:40 Case Study Cyberpsychology and its impact on cybercrime**
Allen Ohanian, CISO, Los Angeles County (U.S.)
- 10:00 Fireside Chat Modern Cloud Security and Architecture**
• Regulatory requirements in the cloud • Identity and Access management in the cloud • Cloud security configuration • Cloud security posture management • Hybrid cloud security • Encryption and key management
With: George Eapen, Global CIO and CISO, Petrofac (UAE)

10:30 Morning Coffee Break

- 11:00 Role Play Crisis Europe under Threat – Warfare by Cyber, Kinetic, Nuclear-Hy person and Psychological Operations**
An interactive discussion on Cybersecurity Leadership Strategies and Role Play of a Crisis
1. Overview of the European and World Crisis Situation July 2022
2. Wider supply chain issues related to tensions in world regions- China/ USA/Russia
3. New warfare risks for CISO's to include in corporate strategic planning
• Cyber warfare on upstream infrastructure supporting systems – water, energy, communications, satellite and undersea cables • Conventional kinetic attacks on critical sites • Hypersonic delivery nuclear attack risks – infrastructure and command and control centers • Psychological operations- social media, insider threats, public disorder
4. Survival and Resilience of Employees – Switzerland's world leading plans
5. Survival guides for nuclear attack and invasion – rest of Europe, Poland's new Survival Guide
6. Role Play Scenario for CISO Leadership Discussion of preparedness for a crisis
Dr. Sally Leivesley, Managing Director, Newrisk Limited

- 11:30 Case study Digital Assets (crypto / blockchain) and operational risks**
Protection of digital assets, NFTs, crypto
Sandip Wadje, Global Head of Technology Risk Intelligence, BNP Paribas (UK)

- 11:50 Case study How to Keep Your Job as a CISO?**
What type of cybersecurity program and key elements can a CISO put in place to demonstrate due diligence in protecting an organisation's information assets and resiliency?
Paul S. Raines, Chief Information Security Officer, United Nations Development Programme (NY, U.S.)

- 12:10 CISO Think Tanks**
Table discussions 'Birds of a Feather'. Delegates select their preferred topics for an in-depth table level group discussion, co-led by a CISO + a Strategist. Wrap up on the talking points from the stage at the end.

Topic 1 CISO Compliance Toolkit for the Times!
Led by: Carole Embling, Information Security Manager – Compliance, Metro Bank (UK) and Strategist

Topic 2 Security Automation - Detection to Remediation
Led by: CISO and Strategist

Topic 3 Vulnerability Management, Asset Management and Patch Management
Led by: CISO and Strategist

Topic 4 Zero trust
Led by: CISO and Strategist

13:00-14:00 Lunch

- 14:00 Fireside chat CISO Truths**
Hear true stories from seasoned CISOs and the key learnings.
David Young, Head of Information Security, Tesco Bank (UK)
Julia Harris, Information Security Assurance and Compliance Director, Flight Centre (UK); Marcus Alldrick, CISO Luminary
- 14:30 Keynote Quantum Computing Updates**
Dr Eduardo Solana, Senior Lecturer of Cryptography and Security, University of Geneva (Switzerland)
- 14:50 Fireside Chat Security-Operational Technology Convergence in CNI Sectors – Risks and Opportunities**
Hear practical experiences with those who oversee physical and digital security and insights into the disruptive digital technologies that are poised to reshape world energy markets and CNI companies. The convergence of automation, artificial intelligence and big data analytics is remaking energy, power, utility and transportation systems. What are the consequences for security in the energy and CNI sectors?
• What are the pros and cons of converged operations? • IoT - perspectives and predictions on recent high-profile CNI attacks • Blended attacks – recovery and awareness • Incident response processes • Ensuring secure and safe IT infrastructure in connectivity with IT/OT convergence • Connecting modern, digital, cloud based and IAM solutions with OT environments
Led by: Graham Edwards, Most Recently Head Cyber Security, Yorkshire Water; Barry Coatesworth, Advisor, Scottish Power Renewables (UK)

15:20 Case Study

15:50-16:20 Afternoon Tea Break, Sponsors' Prize Draw

- 16:20 Keynote Investor View of Top 10 Security Categories Being Developed. Where does innovation lie?**
Jonathan Luff, CEO and Co-Founder, CyLon (UK)
- 16:40 Keynote Lightning Culture**
Tim Ward, CEO, Think Cyber
- 17:00 Case Study Governance Model for Artificial Intelligence (AI), specifically Machine Learning (ML)**
Matthias will share insights into a model that was developed as a decision-making model, as to whether a certain AI should be used in the first place. This step comes before analysis of the technical capabilities of an AI (there are some models already out there for this). Consequently, this can be used by other stakeholders within your companies like compliance, legal, data privacy, etc as a way to add business value.
Matthias Muhlert, CISO, HARIBO (Germany)

17:20 Close of Day Two and Meet Up Glow Bar, President Wilson
18:00 Departure from Glow Bar, President Wilson

18:00-20:00 Cheese, Wine and Meat Tastings & Walking Tour of Old Geneva

20:00-22:30 Dinner (Café Papon). Kindly Sponsored by:

22:30 Coaches return to President Wilson or head back in your own time (circa 5-minute drive or 20-minute walk)

CISO 360
Roundtable

Friday 8 July

THE ULTIMATE SOUND-BOARDING AND BENCHMARKING FOR TODAY'S CISOs AND CYBERSECURITY LEADERS..

Chaired by: Prof. Dr. Robert Coles, Board Director/Governor, University of Brighton (UK)

CISO 360 Roundtable is the ultimate sound-boarding discussion for today's cybersecurity and digital risk leaders to share and compare successes as well as failures. Designed to produce practical take-aways.

The facilitated group discussion is for heads and senior managers of information security to drive forward security strategy, while benchmarking approaches to the key security challenges of the day. Distinguished members of the information security community will co-ordinate the interactive roundtable discussion. The open exchange will help you in direct-ing your security strategy, research, communication and policy efforts. Participants will have the opportunity to propose specific discussion points for the agenda beforehand.

- Pre-event: Participants shape the final agenda by inputting your top priorities before the event
- Post-event: Output report.
- Seating in the round/ horse-shoe, no AV, no slides
- All invited guests are invited to contribute to the discussion that will be held under the Chatham House Rule. The Roundtable is held strictly under The Chatham House Rule - "When a meeting, or part thereof, is held under the Chatham House Rule, participants are free to use the information received, but neither the identity nor the affiliation of the speaker(s), nor that of any other participant, may be revealed"

Timings	
09:00-09:10	Arrivals and coffee
09:10-09:15	Chairman's Introduction
09:15-10:00	Session 1
10:00-10:40	Session 2
10:40-11:00	Morning coffee break
11:00-11:40	Session 3
11:40-12:20	Session 4
12:20-12:30	Wrap Up
12:30-13:30	Lunch on the Terrace

Integral networking schedule for Geneva 2022

All participants are invite to attend the evening networking events that are an important part of the CISO 360 experience!

Tuesday, 5 July - Welcome Reception

19:00-21:00
 Welcome By the Pool Reception –President Wilson Hotel. Fly in and join this crucial ice-breaker!

Wednesday, 6 July - CISO 360 Congress Day 1

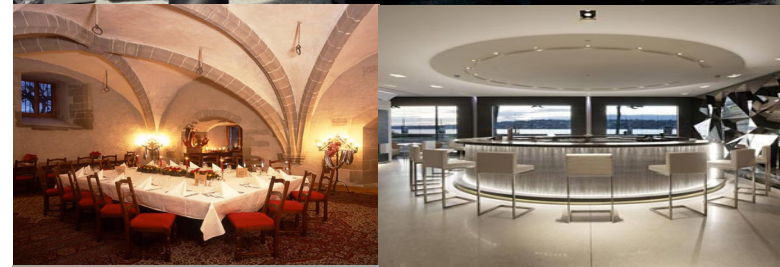

18:00-18:30
 Meet Up Drinks Glow Bar President Wilson Hotel before group walks to the pier

19:00-22:20
 Boat Cruise Reception and Dinner - Lake Geneva
 Kindly sponsored by:

Thursday, 7 July - CISO 360 Congress Day 2

18:00-20:00
 Cheese, Wine and Meat Tastings & Walking Tour of old town Geneva

20:00-22:30
 Dinner - Café Papon
 Kindly sponsored by:

“CISO 360 is a must attend event to keep up to the latest trends, best practices and priority security concerns within the cybersecurity landscape”
