About the Venue

**The Savoy**  
**The Gondoliers Room**  
**London**

With its painted decorative panels, murals of eighteenth-century Venetian life, silvered mirrors, and gilded mirrored sconces; the Gondoliers private dining room provides an elegant and charming backdrop for this private dinner discussion. The room was named after the 12th Savoy Opera, "The Gondoliers", which opened in 1889, the first of the operas to premiere after the opening of The Savoy and one which ran for over 500 performances, a record at the time.

The Savoy is located on the Northbank of the River Thames, in the heart of London, only steps away from Covent Garden and the theatres of the West End.

CSO-Resilience 360 Dinner Roundtable:  
**Crucial Trends to Build Organisational Resilience in 2023**

You are invited to participate in a unique CSO-Resilience 360 Dinner Roundtable discussion hosted in London, 25 May 2023.

Organisational resilience remains a strategic imperative, growing in importance as businesses face threats from cybercrime, climate change, severe weather and political instabilities. Security Professionals must not only protect their employees but also position the organisation itself to remain resilient. Learn real-world advice, first-hand insights on the challenges we face and share strategies on how we can overcome them.

Key talking points include:

- Best practices and lessons learned in developing a robust and reliable resilience plan
- New perspectives of organisational resilience and business continuity in a hybrid working environment
- The complex process of enhancing/connecting digital and physical security and safety throughout your business

Sponsored by Everbridge, hosted by Pulse Conferences, we hope that you will participate in this discussion on how Directors of Corporate Security, Resilience, Investigations and Intelligence are building organisational resilience in 2023.

Many thanks. We hope that you can join peers for what promises to be a dynamic discussion, a top culinary experience and great company in a private by invitation only setting!

Yours sincerely,

Team Pulse
