

Driving Resilience and Trust: Cybersecurity Value Creation Tactics and Strategies for CISOs

**The Ultimate Learning and
Benchmarking Forum for Cybersecurity
Leaders + Dedicated Networking!**

- Welcome Reception
- Catamaran Reception
- 3 Lunches
- Beach Tapas Dinner
- Cultural Dinner

Great venue, great speakers, well-chosen themes. Overall, one of the best cybersecurity conferences I ever attended.

CISO, DPO and Director of Internal Controls, Comissão do Mercado de Valores Mobiliários (Portugal)

One of the few must-not-miss events for every CISO. Wonderful opportunity to learn new things, and have in-depth discussions on what really matters, with real practitioners and industry legends (still alive!).

CISO & DPO, 360 Treasury Systems AG (Germany)

It will certainly be a conference I will not forget and setting a standard with which, I will hold other conferences to.

**“Great speakers, great networking, intelligent discourse,
Pulse CISO 360 Congress has it all!**

Director of Information Security EMEA, Canon Europe

CISO Stories – Real stories and learnings from actual journeys and incidents, first hand, and participate in open Q&A!

We invite you to the **7th CISO 360 Congress**, which will be held in Barcelona, Spain from 5-7 July 2023. CISO 360 is the foremost gathering on cybersecurity value creation. We bring together more than 200 top CISO and cybersecurity executives, investors, geopolitical, risk, business and policy experts, and luminary technology providers under one roof.

The CISO 360 Congress is the premier event for Chief Information Security Officers and cybersecurity leaders from around the world. This year's blazing international speaker panel and topics put forward by CISOs will focus on the most effective strategies for maximising the value of cybersecurity in an increasingly dynamic global market.

Real stories and learnings from **actual journeys and incidents** and participate in open Q&A!

Here are some of the highlighted sessions from the international speaker panel - Barcelona 2023!

- **Grupo Santander's** Global Head Cyber External Engagement Global Response & Intelligence, Marina Nogales Fulwood shares learnings on Public Private Collaboration for Cybercrime Disruption
- CISO of **NHS England**, Mark Logsdon talks about building cybersecurity resilience
- Global luminary, Sounil Yu, CSO, **Jupiter One** rethinks our approach to security
- Don't miss The 'Big 3' Fireside Chat! AI, Cryptography and Quantum - How can we build resilience now for tomorrow? How can we leverage risks and opportunities in AI for cybersecurity? Led by **Gartner's** Lorna Trayan joined by Paul Hopkins, Global Head of Cyber Strategy, Architecture & Secure by Design, **Vodafone**
- Stay inspired for action by a case story 'Survival: Don't Let the Role Get you Down' by James Frampton, CISO, Managing Director, Head of IT Risk, Security & Control, **MUFG Bank EMEA**
- Learn what actually happens behinds the scenes of Ransomware cases and what is really the role of the brokers! Thomas Eeles, Senior Cybersecurity Operations Manager, **Right Move** will draw upon experiences prior to his current role to dispel the myths!!
- George Eapen, Group Chief Information Officer, **Petrofac** will share key insights from his journey from CISO to a CIO!
- Monika Atanasova, Global Head of Cyber Third Party Risk Management at **Raiffeisen Gruppe** Switzerland joins us from Switzerland to share lessons learned and a future roadmap for Cyber Third Party Risk Management (TPRM) by unlocking the potential of automation and digitalisation!
- Daniel Frost, BISO of **Sky** leads a table discussion on Achieving Governance in a Decentralised Security Landscape

- Colette Hanley, Vice President, Technology Risk, **Checkout** explores how we can maintain team resilience in these times of change and challenge!
- This Product Security, The Next Information Security Frontier - how have we got here is the question to be explored by Quentyn Taylor, Director of Information Security, **Canon Europe, Middle East and Africa**
- **A Panel on the Digital Operational Resilience Regulation Act (DORA)** explores the implications for the cybersecurity community - How can we prepare now? How does the new DORA regulation for financial services impact the way that businesses manage their cyber security posture?
- Explore how CISOs are managing risk in a complex global setting -led by Jelena Matone, CISO, **European Investment Bank**
- **And many more...**

In addition to the educational, benchmarking and discussion sessions, there will be plenty of opportunities for networking and collaboration with peers in the evenings. All participants are invited to join the welcome reception, a catamaran boat cruise, and networking dinners!

We know that you are busy, but we believe that the CISO 360 Congress is an event that you will not want to miss! This is your chance to take time out to learn and benchmark with the best in the business, network with your peers, and get inspired to take your cybersecurity game to the next level.

**Yours sincerely,
CISO 360 Team
Pulse Conferences**

Rob Otto, EMEA Field CTO, Ping Identity (UK)
Dr. Sally Leivesley, Managing Director, Newrisk Limited (UK)
Tor Macleod, Founder/CEO, Via Resource (UK/ U.S.)

“

I can't fault CISO 360. The venue is beautiful and the calibre of attendees has been incredible. As a sponsor it's a no-brainer, because you wouldn't have these conversations without business partners. It's time and money well spent. Pulse pulled this off brilliantly! I've had conversations with people who have budget, make decisions and who want to know about cybersecurity technologies that Mastercard cyber intelligence has.

EMEA Strategic Alliances, Mastercard

“

Nowhere else will you find such relevant content for CISO's, shared by leaders in their fields
CISO, NATS

Tuesday 4 July, Welcome Reception

19:30-22:00 Join this ice-breaker at InterContinental Barcelona!

Wednesday 5 July, Congress Day 1

08:00 Check in and Coffee

08:30 Chairperson's Opening Remarks
Marcus Alldrick, CISO Luminary

08:35 Opening Keynote
Emerging Cyber Defence and Collaboration Landscape
Government, Host Nation

09:00 Case Study
Public Private Collaboration for Cybercrime Disruption
Marina Nogales Fulwood, Global Head - Cyber External
Engagement - Global Response & Intelligence, Grupo
Santander (Spain)

09:30 Case Study
Building Cybersecurity Resilience
Mark Logsdon, CISO, NHS England (UK)

10:00 Research and Real-World Experience!
Security Culture: Making Cybersecurity an Active Part of your
Organisation
Having a successful security posture is more easily said than done. Based on
statistics from academic research, combined with real-world experience, you'll
hear how you can measure and better understand your existing security culture
and proven and practical ways to grow your security culture?
Jelle Wieringa, Security Awareness Advocate, KnowBe4 (The
Netherlands)

10:15 Keynote
The DIE Triad: Rethinking our Approach to Security
Sounil Yu, CSO, Jupiter One (U.S.)

10:35 Fireside Chat
The 'Big 3': AI, Cryptography and Quantum - How can we Build
Resilience Now for Tomorrow?
Developing a comprehensive suite of AI strategies that address the
potential opportunities and risks.
• How are AI, cryptography, and quantum computing changing the cybersecurity
landscape? • What are the biggest risks associated with these technologies for
CISOs? • What can organisations do to build resilience against these risks?
• How are CISOs and security teams leveraging the opportunities with in AI for
business benefit? • How do we reduce the attack surface of National PLCs?
Led by: Lorna Trayan, Executive Partner, Security and Risk
Management, Gartner (UAE)
With: Paul Hopkins, Global Head of Cyber Strategy, Architecture &
Secure by Design, Vodafone (UK); Sandip Wadje, MD-Technology
Risk Intelligence, BNP Paribas (UK)

11:10 Morning Coffee

11:40 Case Story and Q&A!
Survival: Don't Let the Role Get you Down!
• How to stay positive as a constant target • Inspire confidence in the business
and technology • Lift your head up and look to the future
James Frampton, CISO, Managing Director, Head of IT Risk,
Security & Control, MUFG Bank EMEA (UK)

12:05 Case Story and Q&A!
Hacking From the Hotel and Other Red Team War Stories
James has been red teaming for a decade, successfully breaching some of the
world's largest banks, Insurance, legal firms and other sensitive environments and
holds a proud never been caught record. This talk will utilise real-world red team
exercises, shock findings and importantly lessons learned for CISO's/Security
teams.
James Mason, Enterprise Cyber Security, QinetiQ (UK)

12:30 Case Story and Q&A!
Transition from CISO to a CIO: My Learnings
George Eapen, Group CIO, Petrofac (UAE)

12:55 Case Story and Q&A Ransomware:
What Actually Happens and Myths Dispelled!
Drawing upon experiences prior to Thomas' current role, hear what happens
when handling ransomware attacks at a large corporate – and importantly what is
the role of the Brokers.
Thomas Eeles, Senior Cybersecurity Operations Manager,
Right Move (UK)

13:20 Lunch - Kindly Sponsored by

BARCLAY
SIMPSON.
Solutions

14:10 Case Study and Q&A
This Product Security, The Next Information Security Frontier
A mixture of a case study as to where we have got to, and how we got there
as well as some inspiration to people who are looking to take over your hours of
responsibility as well as be better in their current internal infosec roles.
Quentyn Taylor, Director of Information Security, Canon

14:30

Case Story and Q&A
Shaping the future of Cyber TPRM by unlocking the potential of
Automation & Digitalisation – Lessons Learned & Best Practices
• Security Assessments Workflow automation
• Comprehensive Cyber TPRM profiling • Reporting: KPIs/KRIs
Cyber Risk Cockpit • AI & Threat Intelligence
Monika Atanasova, Global Head of Cyber Third Party Risk
Management, Raiffeisen Gruppe (Switzerland)

14:50

Fireside Chat
Managing Cyber Risk in a Complex Global Setting: Dancing the Line
between Automation, TPRM, Supply Chain, Cyber Insurance and
Regulators...
Seasoned practitioners explore strategies and models to scale security
• Streamlining security, risk and compliance initiatives and enabling
digital transformation
• Automation from end points to the data centres to the cloud and to
scale team capability • Poisoning of the well: How can our providers
protect themselves and customers better? • What are the roles of the
regulators and insurers in cybersecurity?
• How can CISOs optimise relations with Regulators?
• Keeping fully abreast of developing risks, whilst not losing sight nor
focus around existing / legacy threats
Led by: Jelena Matone, CISO, European Investment Bank
(Luxembourg) With: James Frampton, CISO, MD, Head of IT
Risk, Security & Control, MUFG Bank EMEA (UK); Colette
Hanley, Vice President, Technology Risk, Checkout (UK)

15:30

Afternoon Tea Break

16:00

Table Think Tank Discussions "CISO Challenges and Tips to..."
Participants will have the opportunity to select their preferred
topic area and engage freely in smaller group discussions led by a CISO
and a Strategist. The focus of these discussions will be on "how can
we" improve cybersecurity. At the end of each discussion,
there will be a short introduction and wrap-up of the key action points
from the stage. This format will allow participants to learn from each
other and from the experts, and to work together to develop solutions
to the challenges they face.

Think Tank 1:
Achieve Governance in a Decentralised Security Landscape
Led by: Daniel Frost, BISO, Sky (UK)

Think Tank 2:
Maintain InfoSec Team Resilience in Times of Change
What leaders have found worked to energise teams, to ensure
the team manages to engage and deliver despite being asked to do
more with less
Led by: Colette Hanley, Vice President, Technology Risk,
Checkout (UK)

Think Tank 3:
Leverage ChatGPT and Other AI for Cybersecurity
Led by: Sounil Yu, CSO, Jupiter One (U.S.)

Think Tank 4: Measure Success in Cybersecurity

Think Tank 5: Manage data loss and sovereignty in the cloud

16:50

CISO Startup Innovation Panel
Embracing innovation to stay ahead of cyber threats
Why this idea and why now? Is this a new idea? How will this support
CISOs in staying ahead of cyber threats?

17:20

Fireside Chat
Digital Operational Resilience Regulation Act (DORA) and the
Implications for the Cyber Security Community - How can we prepare
now?
With the implementation of the new Digital Operational Resilience Act
(DORA) by European financial regulators, it is crucial for businesses to
understand the technical security implications of this regulation. At this
critical juncture, cyber security professionals, working alongside
leading cybersecurity vendors, can play a vital role in helping
organisations to better prepare and protect themselves against cyber
threats. • How does DORA impact the way businesses manage their
cyber security posture? • What cyber security controls should be
assessed to determine compliance with DORA? • How can
cybersecurity vendors help businesses comply with DORA
requirements? • What are the critical cybersecurity areas
that businesses need to focus on to meet DORA requirements? • What
are the potential risks if businesses fail to comply with DORA, and how
can they safeguard against them?
Led by: Simon Riggs, recently CISO, John Lewis
With: Andrea Litherland, Cyber Threat Intelligence Lead, Financial
Services (UK); Monika Atanasova, Global Head of Cyber
Third Party Risk Management, Raiffeisen Gruppe (Switzerland); Anil
Gandharve, CEO, Alfahive

17:30

Close of Congress Day One
18:00-18:30 Departure from InterContinental Lobby & Transit
18:30-21:00 CISO 360 Catamaran Reception
21:00-23:30 CISO 360 Beach BBQ Dinner

Thursday 6 July, Congress Day 2

- 08:30** **Chairperson's Welcome Back**
Marcus Alldrick, CISO Luminary
- 09:00** **Keynote**
Security Culture
Kai Roer, CEO & Founder, Praxis Security (Norway)
- 09:20** **Keynote**
Building a High Trust Environment as a Key Business Differentiator
• How can we make that happen?
• What adds value to the bottom line
• A new narrative for security built around a holistic approach and one which helps the bottom line
• Why don't Chief Personnel Security Officers exist?
• How will AI affect insider risks?
Richard Mackintosh, Director, Quince Group (UK)
- 09:40** **Panel**
Designing a Holistic Approach to Cyber Defence and Cyber Threat Intelligence
Is now truly the time for security convergence and for teams across security and technology disciplines to work together in a non-siloed way? What are the pros and cons of a converged operation? How can we re-shape mindsets to embrace security in an all-encompassing, holistic way?
• How can we build successful security teams for the future
• Incident management what can we learn from CSOs?
• Collectively fostering meaningful discussions that lead to actionable goals
• IoT Attacks - power grid to enhance ecosystem wide resiliency
With Andrea Litherland, Cyber Threat Intelligence Lead, Financial Services (UK); Richard Mackintosh, Director, Quince Group; Sami Said, CISO/ CSO - Security Executive Director, Tunisia Telecom (Tunisia)
- 10:10** **Keynote** **Scale of Disinformation/Misinformation: AI, deep fakes and potential weaknesses**
- 10:25** **Fireside Chat**
Cloud Security Architectures for the future
• How are trading and investment strategies shifting in light of regulation and market turmoil?
• Unlocking and securing the technology behind digital assets
• Is the blockchain essential for financial institutions?
• Exploring Web 3.0 and the Metaverse
• Rebuilding trust in digital assets
Led by: Paul Hopkins, Global Head of Cyber Strategy, Architecture & Secure by Design, Vodafone (UK)
With: Sami Said, CISO/ CSO - Security Executive Director, Tunisia Telecom (Tunisia)
- 10:50** **Coffee Break**
- 11:20** **Case Study**
Risks and Opportunities in the Metaverse
- 11:50** **Table Think Tank Discussions**
"CISO Challenges and Tips to..."
An agenda highlight where participants get to select their preferred topic area and engage freely in smaller group discussions led by a CISO and a Strategist. With the focus firmly placed on the 'how can we', there is a short introduction and wrap up of the key action points from the stage at the end.
- Think Tank 1: Manage compliance with sensitive customer data**
- Think Tank 2: Turn the tide on cyber crime and ransomware attacks**
- Think Tank 3: Transform security to a new posture**
- Topic 4: Manage data loss and sovereignty in the cloud**
- Topic 5: Secure open source software**
- 12:50** **Lunch**
- 13:40** **Case Study**
Sustainable Security: How does Cybersecurity sit within ESG?
The central premise of sustainable security is that we cannot successfully control all the consequences of insecurity but must work to resolve the causes that sit within the broader focus on Environmental, Social and Governance (ESG) standards that aim to measure a business's impact on society, the environment, and how transparent and accountable it is.
• What does this mean for how we operate to protect and deliver value to our business/organisation, it's outputs and customers?
• How can we leverage sustainable security so that it addresses the likely causes of conflict and instability well before the effects are felt?
• Prevention vs cure and cost vs benefit
Alan Jenkins, CISO, Independent (UK)
- 14:00** **Case Study**
Talk to the Board
Andreas Wuchner, NED/ Investor, Former CISO/CIO (Switzerland)

- 14:20** **Keynote**
- 14:35** **Fireside Chat**
Scary Trends: AI use in Ransomware as a Service. Facts and Myths. Emerging Risks

Friday 7 July

THE ULTIMATE SOUND-BOARDING AND BENCHMARKING FOR TODAY'S CISOS AND CYBERSECURITY LEADERS!

Chaired by: Prof. Dr. Robert Coles
Head of Strategic Security, DS Smith (UK)
Joined by: Ray Stanton, CISO/CSO, Board Advisor
NED and CISOs

Timings

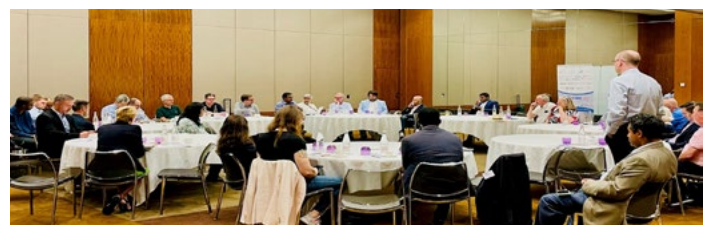

09:00-09:10 Arrivals and coffee
09:10-09:15 Chairman's Introduction
09:15-10:00 Session 1
10:00-10:40 Session 2
10:40-11:00 Morning coffee break
11:00-11:40 Session 3
11:40-12:20 Session 4
12:20-12:30 Wrap Up
12:30-13:30 Lunch on the Terrace

Innovation and Governance

Combine peer group brain power on the different risk perspectives associated with each technology to share the latest approaches and updates on security deployments. Which of these can change the security landscape? CISO 360 Roundtable is the ultimate sound-boarding discussion for today's cybersecurity and digital risk leaders to share and compare successes and challenges. The discussions are curated in a way that aims to produce practical proven tactics and strategies that CISOs can adapt for usage right away to drive forward security strategy.

- Pre-event: Participants shape the final agenda by inputting your top priorities before the event.
- Seating in the round, no AV, no slides.
- Guests are invited to contribute. The discussion that will be held under the Chatham House Rule.

The Roundtable is held strictly under The Chatham House Rule - "When a meeting, or part thereof, is held under the Chatham House Rule, participants are free to use the information received, but neither the identity nor the affiliation of the speaker(s), nor that of any other participant, may be revealed"

Benefit from an All-Included Integral Networking Schedule at CISO 360 Congress Barcelona 2023!

All participants are invited to attend the evening networking events that are an important part of the CISO 360 experience! Timings and venues are still provisional, full details will be released shortly.

Registration Information

Register Online www.ciso360congress.com

Tier 1: Complimentary For CISOs and Practitioners

Complimentary delegate Passes are available to book by CISOs and practitioners – i.e. persons who are doing the role of CISO, CSO, cyber threat intelligence professional, risk managers or other in-house executives roles.

Tier 2: Advisory Pass Fee: £2,000

We have set aside a limited number of Advisory Passes, designed for executives working at Providers, Vendors, Resellers, Distribution companies. Through this type of participation sponsorship, Executives can still benefit from the business development and promotional opportunity of attending even if their companies are unable to commit to a fully branded Sponsorship this year. This is an opportunity to send Executives to network with participants, to meet new prospective customers and to join the discussions – with a view to fuller sponsorship at future Pulse conferences.

Inclusions

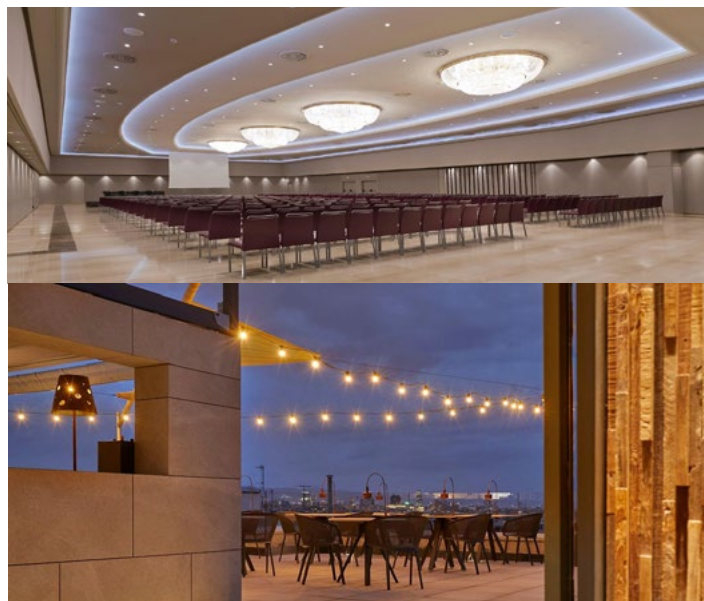

- Entry to 7th CISO 360 Congress and Roundtable, 5-7 July 2023
- Invitation to join the confirmed networking events! Partners are welcome!
- Lunches and daily refreshments
- Certificate of attendance soft copy provided post-event on request
- Post-event presentation materials (subject to speaker opt-out) and output report
- Loyalty programme membership for future events!

Exclusions

- Travel and accommodation and all other costs associated with joining the event.

Please note:

- To find out more about how you can get participate as a provider or advisor to the CISO community, please contact teampulse@pulseconferences.com
- Pulse conferences reserves the right to approve that all registrations fall into the correct tier.
- Cancellation terms apply. [Read more](#)

Venue and Accommodation

The CISO 360 Congress Venue - BARCELONA 2023

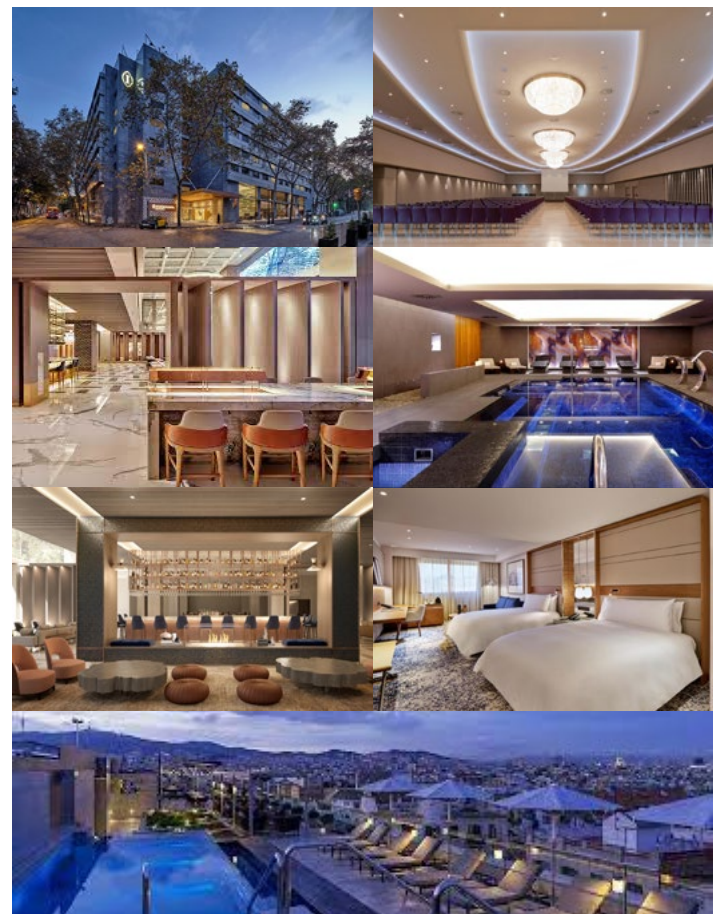

Av. de Rius i Taulet, 1-3, 08004 Barcelona, Spain

www.ihg.com/intercontinental/hotels/gb/en/barcelona/bcnpc/hoteldetail

The 7th CISO 360 Congress will be hosted at the prestigious InterContinental Barcelona, nestled in the heart of Montjuic. Elegant interiors and sophisticated design details matched with unparalleled hospitality. InterContinental offers and spa with indoor swimming pool as well as a modern fitness centre and multiple fantastic restaurants such as Quirat and Arrel Restaurant. The 173 Rooftop Terrace offers a new 360-degree setting featuring a swimming pool, views, drinks, and authentically Mediterranean flavours. You will be able to view the whole of Barcelona from the Torre de Collserola and the Tibidabo to the cathedral, Plaza España, and the Palacio Nacional.

Discounted accommodation prices

Pulse can offer a very special discounted accommodation for participants of the 7th CISO 360 Congress. These discounted rates are inclusive of breakfast, WIFI & vat. Single occupancy discounted price is EUR 295 + tourism city tax EUR 6.9 per night. (Standard price from EUR 369 per night) Double occupancy discounted price is EUR 325 + tourism city tax EUR 6.9 per night. [Book Online here](#)

About Pulse Conferences

Pulse is the community based think tank and hub for professionals who deliver security, risk and governance across the globe. Our events, training and reports focus on cybersecurity, corporate security, resilience, investigations, privacy, risk, audit and compliance. We create opportunities for benchmarking, networking and collaboration to progress and inform business and government agendas.

Connecting minds, assuring the future.
Working locally, thinking globally.
