Driving Resilience and Trust: Cybersecurity Value Creation Tactics and Strategies for CISOs

**The Ultimate Benchmarking Forum
for Cybersecurity Leaders**

Dedicated Evening Networking!

- Welcome Reception
- Catamaran Reception
- Lunches
- Cultural Dinner, historic wine castle!
- Beach Club Dinner

Great venue, great speakers, well-chosen themes. Overall, one of the best cybersecurity conferences I ever attended.

CISO, DPO and Director of Internal Controls, Comissão do Mercado de Valores Mobiliários (Portugal)

One of the few must-not-miss events for every CISO. Wonderful opportunity to learn new things, and have in-depth discussions on what really matters, with real practitioners and industry legends (still alive!)

CISO & DPO, 360 Treasury (Germany)

It will certainly be a conference I will not forget and setting a standard with which, I will hold other conferences to.

“ Great speakers, great networking, intelligent discourse,
Pulse CISO 360 Congress has it all!

Director of Information Security EMEA, Canon Europe

Dear Colleague,

We invite you to the **7th CISO 360 Congress**, which will be held in Barcelona, Spain from 5-7 July 2023. CISO 360 is the foremost gathering on cybersecurity value creation. We bring together more than 200 top CISO and cybersecurity executives, investors, geopolitical, risk, business and policy experts, and luminary technology providers under one roof.

The CISO 360 Congress is the premier event for Chief Information Security Officers and cybersecurity leaders from around the world. This year's blazing international speaker panel and topics put forward by CISOs will focus on the most effective strategies for maximising the value of cybersecurity in an increasingly dynamic global market.

Real stories and learnings from **actual journeys and incidents** and participate in open Q&A!

Here are just some of the highlighted sessions from the international speaker panel - Barcelona 2023!

- **Grupo Santander's** Global Head Cyber External Engagement Global Response & Intelligence, Marina Nogales Fulwood shares learnings on Public Private Collaboration for Cybercrime Disruption
- CISO of **NHS England**, Mark Logsdon talks about building cybersecurity resilience
- Global luminary, Sounil Yu, CSO, **Jupiter One** rethinks our approach to security
- Don't miss The 'Big 3' Fireside Chat! AI, Cryptography and Quantum - How can we build resilience now for tomorrow? How can we leverage risks and opportunities in AI for cybersecurity? Led by **Gartner's** Lorna Trayan joined by Paul Hopkins, Global Head of Cyber Strategy, Architecture & Secure by Design, **Vodafone**
- Stay inspired for action by a case story 'Survival: Don't Let the Role Get you Down' by James Frampton, CISO, Managing Director, Head of IT Risk, Security & Control, **MUFG Bank EMEA**
- Learn what actually happens behind the scenes of Ransomware cases and what is really the role of the brokers! Thomas Eeles, Senior Cybersecurity Operations Manager, **Right Move** will draw upon experiences prior to his current role to dispel the myths!!
- George Eapen, Group Chief Information Officer, **Petrofac** will share key insights from his journey from CISO to a CIO!
- Monika Atanasova, Global Head of Cyber Third Party Risk Management at **Raiffeisen Gruppe** Switzerland joins us from Switzerland to share lessons learned and a future roadmap for Cyber Third Party Risk Management (TPRM) by unlocking the potential of automation and digitalisation!

- Colette Hanley, Vice President, Technology Risk, **Checkout** explores how we can maintain team resilience in these times of change and challenge!
- This Product Security, The Next Information Security Frontier - how have we got here is the question to be explored by Quentyn Taylor, Director of Information Security, **Canon Europe, Middle East and Africa**
- How can we prepare now for the **Digital Operational Resilience Regulation Act (DORA)**? Explores the implications for the cybersecurity community.
- Explore how CISOs are managing risk in a complex global setting -led by Jelena Matone, CISO, **European Investment Bank**
- **And many more...**

In addition to the educational, benchmarking and discussion sessions, there will be plenty of opportunities for networking and collaboration with peers in the evenings. All participants are invited to join the welcome reception, a catamaran boat cruise, and networking dinners!

We know that you are busy, but we believe that the CISO 360 Congress is an event that you will not want to miss! This is your chance to take time out to learn and benchmark with the best in the business, network with your peers, and get inspired to take your cybersecurity game to the next level.

Yours sincerely,
CISO 360 Team

“

I can't fault CISO 360. The venue is beautiful and the calibre of attendees has been incredible. As a sponsor it's a no-brainer, because you wouldn't have these conversations without business partners. It's time and money well spent. Pulse pulled this off brilliantly! I've had conversations with people who have budget, make decisions and who want to know about cybersecurity technologies that Mastercard cyber intelligence has.
