**Crucial Trends to Build
Organisational Resilience in 2023**

About the Venue

Pulitzer, Amsterdam – Copper Attic

The Pulitzer is centrally located in the city's famous 'Nine Streets'. Pulitzer Amsterdam is a unique blend of traditional Dutch craftsmanship and modern design nestled amongst the city's most iconic canals.

Dutch elegance set within twenty-five restored 17th and 18th century houses. Ever since the Dutch Golden Ages, the canal houses of Amsterdam have been the setting for blossoming creativity, expanding trade and grand gatherings. Pulitzer Amsterdam is keeping this tradition alive; providing the perfect location for this CSO 360 Resilience Dinner Roundtable in the private dining room Cooper Attic.

Welcome to CSO 360 Resilience Roundtable AMSTERDAM!
Crucial Trends to Build Organisational Resilience in 2023

You're invited!

Organisational resilience remains a strategic imperative, growing in importance as businesses face threats from cybercrime, climate change, severe weather and political instabilities. Security Professionals must not only protect their employees but also position the organisation itself to remain resilient. Learn real-world advice, first-hand insights on the challenges we face and share strategies on how we can overcome them.

Key talking points include:

- Best practices and lessons learned in developing a robust and reliable resilience plan
- New perspectives of organisational resilience and business continuity in a hybrid working environment
- The complex process of enhancing/connecting digital and physical security and safety throughout your business

Sponsored by Everbridge, hosted by Pulse Conferences, we hope that you will participate in this discussion on how Directors of Corporate Security, Resilience, Investigations and Intelligence are building organisational resilience in 2023.

We invite you to join peers at the Pulitzer for what promises to be a dynamic discussion, a top culinary experience and great company!

Yours sincerely,

Team Pulse
