CRUCIAL TRENDS TO BUILD ORGANISATIONAL RESILIENCE IN 2024

Organisational resilience remains a strategic imperative, growing in importance as businesses face threats from cybercrime, climate change, severe weather and political instabilities. Security Professionals must not only protect their employees but also position the organisation itself to remain resilient. Learn real-world advice, first-hand insights on the challenges we face and share strategies on how we can overcome them.

Key talking points include:

- Best practices and lessons learned in developing a robust and reliable resilience plan
- New perspectives of organisational resilience and business continuity in a hybrid working environment
- The complex process of enhancing/connecting digital and physical security and safety throughout your business

Sponsored by Everbridge, hosted by Pulse Conferences, we hope that you will participate in the discussion on how Directors of Corporate Security, Resilience, Investigations and Intelligence are building organisational resilience in 2024!

We hope that you can join peers for what promises to be a dynamic discussion held under The Chatham House Rule, top culinary experiences and great company in private by invitation only settings.

ABOUT THE IVORY CLUB

Reception 18:00-19:00 - Elephant & Tiger Private dining room. Dinner 19:00-22:00

At the Ivory Club, exclusivity takes the form of a doorman, valet parking, giant flamethrowers, and illuminated tusks. The atmosphere is that of a gentlemen's club, although men aren't the only ones who enjoy the elegant style of colonial India, including dark wood, subdued lighting, massive bookshelves, and luxuriously bedecked tables. Wonderful Indian cuisine with a modern twist.

The Elephant & Tiger Room is the perfect private dining room for this closed door discussion on resilience.
