"It's been fantastic to see innovation and start-ups feature at CISO 360 for the first time. It's good to see that the CISOs are genuinely interested and coming to talk to us. One of the big pluses of this event is that it's not all jam packed into one day, and there isn't that intense hard sell aspect that you typically see, which obviously puts people off. It's been really good to take things more gently to get to know CISOs and vice versa."

Gary Penolver, CTO, Quod Orbis

Driving Resilience and Trust: Cybersecurity Value Creation Tactics and Strategies for CISOs

We are thrilled to unveil the programme for the [8th CISO 360 Global Congress](#), our flagship event for leaders in cybersecurity. We cordially invite you to join CISOs and senior cybersecurity practitioners and luminaries from around the world in the vibrant city of Marseille on 19-21 June 2024.

Created and hosted by Pulse Conferences, the 8th CISO 360 Global Congress will bring together CISOs and senior cybersecurity leaders for a memorable feast of CISO hearts and minds in 2024!

We will hear what plans CISOs are making, what drives them and where their journeys are heading as they benchmark strategies, tactics and tools. CISOs will compare and share how they are leading teams and driving their businesses forward, and visions for the future during keynote lightning talks, case uses, panels, think tanks, fireside chats and in conversation.

During two and a half days of interactive programme, we will experience unrivalled learning and engagement. The journeys, predictions and stories will span AI, IoT, cloud, Quantum computing, cyber geopolitics, supply chain, detection, response and recovery, human security, culture, privacy, robotics.

A dedicated evening schedule of networking receptions, dinners and cultural experiences is an integral part of the CISO 360 experience.

Our Goals

- Inspirational - Connect, innovate and leave reinvigorated for positive action. Sit with peers who you know are largely facing a similar set of risks and opportunities as you. A safe and independent platform to encourage innovation and positive action.
- To Bridge Security Disciplines - Benchmarking and learning with security, risk, resilience, investigations and intelligence professionals.
- Future Facing - Prepare the international CISO and cybersecurity community through agendas that are forward-thinking, honest and geared towards learning from within as well as outside the security industry.
- Collaborative and Trusted Community - Engage in meaningful interactions with CISOs, innovators, investors and luminaries.

Key Themes for 2024

- AI 360: Innovation and keeping pace in AI. Deployments, risks, opportunities
- Threat 360: Risk landscape, trends, patterns, predictions and mitigations
- Evolution 360: Purpose and mission of the CISO today and tomorrow
- Resilience 360: Holistic security, multi-disciplinary, cross-sector approach, buy/sell sides, Public-private

Reserve your spot today! We look forward to welcoming you.

Wednesday 19 June CISO 360 Roundtable

Welcome to the CISO 360 Roundtable - Marseille 2024!
 Where candid discussions take centre stage and priorities are driven by you the Participant.

Get ready for an unparalleled experience, as we dive headfirst into engaging conversations without the distractions of slides or formal presentations. This is a platform for dialogue, ensuring your voice is heard, and your shared insights hold immense value.

Hosted under The Chatham House Rule of non-attribution, we create a secure space where participants can freely share their perspectives, experiences, and expertise. What is said within the roundtable stays within the roundtable, fostering an environment of trust and openness.

At the CISO 360 Roundtable, we believe that the best discussions are those that arise from the collective wisdom of our diverse attendees. Prior to the event, we actively seek your input to shape the topics and prioritise the most critical issues you want to address. This way, every talking point is directly actionable, and you leave with a wealth of practical takeaways.

Join us at the CISO Roundtable and be a part of a dynamic, solution-oriented community that is redefining the way we exchange ideas and drive progress. Prepare to arrive, contribute, and immerse yourself in an authentic, knowledge-sharing experience that will leave a lasting impact on your strategic vision and decision-making.

Testimonials

"The people are amazing. CISO 360 gathers the best of the best – the organisations that came here, the speakers are fantastic, the vendors that we can speak to about the products are great. The talks have been fantastic. The most interesting contact has been about management, case studies, third-party risk, and AI. The camaraderie that is achieved through the social networking events is fantastic. They go out of their way just to make us feel comfortable, especially in a new city as well I've never been to before, so massive thanks for that."

VP Information Security EMEA, Financial Services

"It's a really cool event, a lot of CISOs come and it's quite a community where they all do a lot of learning and a lot of conversations. As a start-up, CISO 360 is a great way to meet people and build relationships within the industry. As a start-up, we don't have the marketing budgets of big companies, so for us relationships are really important, we need to build trust with the CISOs, they need to trust us before using our products, and that was a really great way to come to an event like this, meet CISOs, teach them a bit about what we're doing and what we're trying to achieve with our mission and then from there hopefully get a few using the product. Gather feedback on our products has been really good for two reasons, firstly we've got a lot of constructive feedback on what we're doing, what we're trying to achieve, and actually new ways which we can achieve that, and secondly we've got a lot of people who are willing to try the product and actually join the trial and get using it. It's a very well organised event with really friendly people. It's always a great venue as well – they rotate it around different cities and it's always nice to come to a different part of the world and meet people in a setting that's not London."

CEO, Risk Ledger

"I've really enjoyed the conference, I've enjoyed meeting people, learning more about what's top of mind for CISOs and in the cybersecurity space. The sessions have all been great. There is a great CISO 360 community, it's very tightly knit – we talk to each other a lot, share a lot of experiences, and that's fantastic."

Chief Scientist and SVP of AI, Dataminr
CISO, Al Ahli Group UAE

"A great congress, packed with valuable information and insight for senior cybersecurity directors."

Global Security Operations, 21st Century Fox

"As always, Pulse team organized a very interesting conference that allows all the security community to communicate and share their experiences. For me it was very important to hear the opinions of some of the best professionals of the security industry."

CSO, Logista Portugal

"As this was my first 360 event, I had no preconceptions. Therefore, I was more than pleasantly surprised as I experienced such a warm friendly, professional and fast-moving conference and networking event. I met so many old friends, new contacts, good people, possible suppliers, clients or contractors. A fabulous and valuable use of 3 days of my time!"

Head of Global Security, Brown Brothers Harriman

"Great programme, great organization and great attendance have made discussions useful and passionate. Listening testimonials, sharing experiences and ideas regarding good practises, discovering other industries or business! You have made my days!"

Europe Industries Infosec Security Officer, AIR LIQUIDE

"Simply the best event for security practitioners. Real expertise and knowledge sharing"

Group CISO, Unipart Group

"It's probably one of the best conferences for cybersecurity professionals. We really get to exchange information with other professors and peers in this industry, we build trust among us in this inclusive environment. We can exchange not only challenges, but celebrate the successes as well. And I would come back any time. We build not only trust and become friends, but also become part of the family. For CISOs it's one of the most important things. Everybody expects CISOs to be very technical, and we are, but I believe that being very good on the soft skills is vital as well, and building that network is one of the most important things because CISOs cannot work alone. It's almost impossible that you will know every single answer, so the networking is probably the most important thing in our field to pick up the phone, to say: "Hey, are you having the same challenge, how are you doing things around these problems or issues?" It really does help, and it's proven itself over and over again. I use the CISO 360 network and call people. Besides information sharing, besides the fact that we all have become friends and family here. CISO 360 is the place to be. I recommend it to all of our professionals in cybersecurity."

CISO, European Investment Bank

"One of the few must-not-miss events for every CISO. Wonderful opportunity to learn new things, and have in-depth discussions on what really matters, with real practitioners and industry legends (still alive)."

CISO & DPO, 360 Treasury Systems AG, Germany

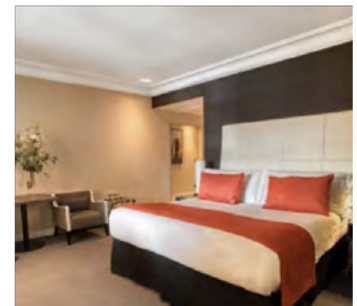

"Great venue, great speakers, well-chosen themes. Overall, one of the best cybersecurity conferences I ever attended."
