Welcome to the 9th CSO 360 Global Congress

Protecting People, Profits, Assets, and Reputation: Raising the Resilience Bar, Enabling Business Innovation

Dear Colleague,

We are thrilled to invite you to actively participate in the **8th CSO 360 Global Congress**, the flagship event by Pulse Conferences for Directors of Corporate Security, Resilience, Investigations, Investigations in the beautiful city of Prague on 3-5 December 2025. This 9th flagship edition promises to be a memorable feast for security hearts and minds!

Amidst fast-evolving threats across geopolitics, technology, business, and economics, our global community will reunite to share trust-based strategies and tactics for securing international business and government sectors. The journeys, predictions and stories will span diverse topics and breaking security news including geopolitics, supply chain security, response and recovery, K&R, insurance, human security, ROI, AI, cyber, culture, disinformation, climate risk and threat mitigation.

A dedicated evening schedule of networking receptions, dinners and cultural experiences is an integral part of the CSO 360 experience! Reserve your spot today.

We look forward to welcoming you to Prague!

Finding common ground

"Global Congress revealed how, despite our different sectors, we share many common security challenges. The format encourages open dialogue and knowledge-sharing in a remarkably constructive atmosphere. What struck me most was seeing how different industries approach similar problems - it's a win-win learning experience. The combination of subject matter experts and practical case studies makes this event particularly valuable for security leaders looking to broaden their horizons."

Deputy Director, World Food Programme (Italy)

"I loved my first CSO 360. I followed the 2022 edition in Istanbul on LinkedIn and saw very positive comments from the community. The mixture is right. You've got security practitioners and outside providers. Sometimes, with Germans, we do get focused on facts and data. But having the British influence and a bit more light-hearted approach makes it a worthwhile conference here. I lived in Berlin for nearly ten years and had never had the opportunity to eat in the Reichstag before - what a treat."

Head of Business Resilience, Siemens Healthineers (Germany)

"As this was my first CSO 360 event, I had no preconceptions. Therefore, I was more than pleasantly surprised as I experienced such a warm friendly, professional and fast moving educational conference and networking event. I met so many old friends, new contacts, good people, possible suppliers, clients or contractors.. A fabulous and valuable use of 3 days!"

Head of Global Security, Brown Brothers Harriman (UK)

"I was delighted to attend my first CSO 360. I found it inspiring and motivating, offering fresh perspectives on security leadership. It highlighted how security transcends traditional boundaries - whether protecting priceless artefacts or managing complex AI implementations. The question that resonated most was: 'How do you bring value to your organisation?' This provocation aligns perfectly with our mission at the Met, where we're transforming security culture through innovative approaches. The diversity of attendees and the quality of discussions makes this event unique. I've already recommended CSO 360 to other cultural institutions in New York City, as I don't think they can miss the next one. It's an invaluable opportunity to connect with like-minded professionals while thinking differently about common challenges."
