Welcome to 6th CISO 360 Middle East

Security as a Business Enabler | Harnessing AI Securely
Bridging Cyber Resilience, Innovation & Trust

Dear Colleague,

Welcome to the Annual Meeting Place for Security Leaders in the Middle East!

We are thrilled to invite you to actively participate in the **6th CISO 360 Middle East Conference**.

As CISOs shift from being technical guardians to strategic business advisors amidst the backdrop of AI, digital transformation impact, governance and compliance, there has never been a better time for these conversations. The CISO's success increasingly depends on demonstrating security's value to the business, and transformation projects depend and new business models depend on trust, security and resilience.

Co-location: Given the critical need for security disciplines to align and work together more closely than ever before, we are excited to introduce the inaugural **CSO 360 Middle East** for senior executives in corporate security, resilience, intelligence and investigations, will sit alongside **6th CISO 360 Middle East** in Dubai this year. This strategic cross-security thought-leadership will deliver maximum value for security professionals.

What's New for 2025

- ★ **Access to Two Events, One Shared Mission:** Security leadership co-location for holistic resilience
- ★ **CISO 360 Playbooks:** Input to table benchmarking discussions in the morning.
- ★ **Power Panel 2026 and Beyond: The Emerging Risks Shaping AI, Quantum, and Web3** - Leading global CISOs gather in Dubai to tackle irreversible transaction risks, attacks, regulatory challenges.
- ★ **Robotics and AI in Healthcare** - Rare insights from leading robotics specialist + cardiologist.
- ★ **AI and Security** - Automation updates across manufacturing, airports, and mega-projects.
- ★ **Holistic Security OT/IoT/IT/Physical Convergence.** Bringing cyber, physical, OT security leaders together for cross-pollination. Insights into the Middle East's critical infrastructure transformation - from NEOM smart cities to oil and gas operations.
- ★ **Enhanced Networking:** Dedicated evening receptions, and wrap up on a yacht cruise after the CISO 360 Roundtable on 12 November.

CSO 360 Middle East

Co-located sessions:
Corporate Security, Intelligence, Risk, Investigations

AGENDA - TUESDAY 11 NOVEMBER 2025

CISO 360 Middle East

16:20 **Fireside Chat: In the Trenches with AI: Clinical Realities, Cyber Implications**

Artificial intelligence is on the hospital floor. From predictive analytics in cardiology to diagnostic support, AI is shaping real-time decision-making for clinicians and patients alike. Yet with opportunity comes exposure: the digitisation of patient data, connected devices, and AI-powered workflows are also opening new attack surfaces.

- How AI is already being used in cardiology
- Bridging what research papers forecast with what's happening at the bedside and in patient care
- Predictions on how cyber and AI will collide in healthcare-potential scenarios, regulatory pressure, and resilience strategies

Interviewee: Dr. Giuseppe Matone, Consultant Cardiologist, University of Padova (Italy). Interviewed by: Jelena Matone, CISO, European Investment Bank (Luxembourg)

16:40 **Spotlight: Cyber Hit Man**

Michael Beaupre, Head of Cyber Security, Hays AG (Germany)

17:00 **Panel: Third-Party Risk in Recent Cybersecurity Breaches**

Lessons are shared in a Chatham House Rule environment – including how others have dealt with breaches. Build or buy? Open source vs. proprietary? How will CISO-vendor dynamics change in an AI world?

- Will AI make it cheaper-or riskier-to defend? AI, SaaS and the Great Consolidation. AI as a Cost Optimiser - or a False Economy for CISOs?
- Build vs. buy: Is AI driving a new era of platformisation?
- Are CISOs ready to own AI-driven security pipelines?
- AI promises lower maintenance costs - but at what risk? Is AI simplifying our stack or simply reshuffling it?
- Is AI changing who we are? Will the next-gen CISO be part builder, part strategist, part economist?
- What does the "AI decade" means for budgets, resilience?

With: Heide Young, Manager, Cyber Strategy & Engagement, NEOM Tech & Digital (UAE); Qasim Raza, Technology & Innovation Programme Director, Financial Services/Consulting Partner (UK); Nicola Sotira, Head of CERT, Poste Italiane (Italy); Dr. Viktor Polic, CISO, ILO - United Nations (Switzerland)

AGENDA - WEDNESDAY 12 NOVEMBER 2025

Security Leadership Roundtable:

Raising the Resilience Bar: Where Are Our Critical Resilience Gaps?

The meeting of physical, cyber, intelligence, IoT, and product security minds...

A highlight of both the **CSO 360 Middle East** and **CISO 360 Middle East** agendas, the Security Leadership Roundtable unites CSOs, CISOs, and security luminaries across disciplines. Discussions begin with **holistic themes** before **breaking into focused tables** to identify shared priorities.

Chaired by: Dr. Robert Coles, Governor & Chair of Audit & Risk Assurance Committee, University of Brighton
With Co-Facilitators

Why Join:

- Take away practical insights from peers breaking silos and converging pathways
- Hear practitioner-led strategies and best practices in a trusted Chatham Rule setting
- Cross pollinate and strengthen alignment across security disciplines

Format:

Our experienced roundtable faculty will guide an open plenary discussion, with breakout CISO and CSO groups. No slides – just dialogue.

Key Talking Points Shaped by CISO and CSO Practitioners:

- Where are our critical resilience gaps and how do we prepare for disruption?
- Mis- and disinformation - fostering collaboration across security domains
- Mega Projects and Holistic Security: OT/IoT/IT/Physical Convergence
- Risk Quantification
- State-sponsored activities, cybercrime, hacktivism, and terrorism
- Future skills to stay ahead of AI, quantum, and emerging technologies
- Well-being and mental health in security leadership
- Board metrics - what truly resonates with directors?
- Crisis communication and board-level reporting
- Insider threat programmes
