EDINBURGH

Welcome to the **2nd CISO 360 UK**
Peer benchmarking on the cyber risks and opportunities facing global businesses in 2026 & beyond.

Dear Colleague,

CISO 360 UK brings together CISOs and senior leaders from across cybersecurity and the boardroom to examine the real risks and opportunities shaping global business in 2026 and beyond. The focus is firmly on readiness, governance, and business impact — not theory, hype, or vendor-led narratives.

From a cybersecurity perspective, the programme explores how AI and Agentic AI, machine learning, quantum technologies, fintech, space innovation, and defence-linked technologies are reshaping the threat landscape and redefining executive accountability for the decade ahead.

Over two days, CISOs will benchmark strategies and tactics across cybersecurity, intelligence, AI adoption, and board engagement, learning how peers are translating complex risk into informed executive decision-making.

What to Expect
- Real-world, practitioner-led insight
- Grounded in recent incidents, lived experience, and operational decision-making — not abstract frameworks. Local, regional, and global perspectives combine to reveal second- and third-order impacts.
- Peer-level, off-the-record discussion
- A trusted, closed-door environment where CISOs share candid lessons on governance, communication, and technical controls — with clear, actionable takeaways.
- Board-facing readiness
- Scenario-led sessions designed to help CISOs translate cyber and intelligence risk into board-level decision intelligence.

Why Attend
- Strengthen governance with executive authority and oversight
- Translate cyber and intelligence risk into measurable business value
- Build forward-looking strategies for resilience and continuity with fellow CISOs
- Explore real-world use cases of Agentic AI in security operations and decision support

This is a security leadership platform for CISOs to benchmark approaches to driving cybersecurity governance, accountability, and measurable business outcomes in an increasingly complex operating environment.

CISO 360 Team
Pulse Conferences

"One of the things I enjoy about a Pulse CISO 360 event is that you get a global view. You're bringing folks together from around the world to share and it helps us to understand the bigger implications of what we're doing and to develop best practices. Pulse gives us a bigger audience to see wider."
Sounil Yu, Co-Founder and CTO, Knostic

Highlighted Speakers (partial list)

Gary R. Hayslip

CISO Luminary and Senior Security Advisor in Residence
Halcyon
USA

Dr. Abdullah A.I. Alnajem

Agenda at a Glance

Tuesday, 28 April

Day One

- 1pm – 2pm **Lunch and Arrivals**

- 2pm – 6pm **Event Day One**

- 6pm – 11pm **Evening networking included**

Wednesday, 29 April

Day Two

- 10am – 3pm **Event Day Two**

- 3pm – 4pm **Closing Reception**

Session types

- **Case Stories**
Hear battle-tested strategies from peers who've been in the trenches.

- **Panels**
Delegates are invited to shape the conversation - engaging, two-way, organic discussions. No rehearsed pitches, just honest answers.

- **CISO + CSO 360 Roundtables**
Tactical table discussions where you collaboratively solve real challenges with peers.

- **Spotlights**
CxOs and corporate leaders outside the security sphere bring fresh perspectives.
