CONFERENCES**

Where security leaders transform risk into strategic advantage.

11-12 May 2026

Singapore

A nighttime photograph of the Marina Bay Sands hotel in Singapore. The hotel's three towers are illuminated with warm yellow lights, and the SkyPark at the top is lit with a vibrant pinkish-purple glow. In the foreground, the Supertree Grove is visible, with its illuminated tree-like structures and lush greenery. The scene is set against a dark night sky.

Welcome to the **5th CISO 360 + 1st CSO Asia & Oceania**
Peer benchmarking on the cyber risks and opportunities facing
global businesses in 2026 & beyond.

Dear Colleague,

We are thrilled to return to Singapore this year for the **5th CISO + 1st CSO 360 Asia & Oceania**, bringing together CISOs, Chief Corporate Security Directors, and senior leaders from across cybersecurity, geopolitical risk intelligence and investigations - and the boardroom - to examine the real risks and opportunities shaping global business in 2026 and beyond. The focus is firmly on readiness, governance, and business impact — not theory, hype, or vendor-led narratives.

As geopolitical competition, technological advances, regional conflict, and economic fragmentation reshape how businesses operate, move goods, protect people, and sustain trust, **CISOs and Chief Security Officers** are tasked with enabling business continuity in increasingly challenging operating environments. From supply chain and insider risk, to safeguarding **people, property, assets, reputation and information**, resilience and collaboration are strategic imperatives.

Why participate?

- **Real-World Relevance - practical, non-political, and grounded in real operational decisions rather than theory:** Delegates learn directly from recent, high-impact incidents and experience. Local, regional, international perspectives to understand the bigger implications of what we're doing and to develop best practices.
- **Peer-level, off-the-record, Actionable Takeaways:** A trusted global community of security leaders. Each case study is linked to practical lessons in governance, communication, and technical controls.
- **Board Engagement:** Scenarios help CISOs and CSOs practice translating technical incidents into board-level decision intelligence.
- **CISO + CSO 360- Two conferences together but apart:** Run side-by-side over the two days. Distinct in focus yet intentionally connected to encourage cross-pollination between cyber, corporate security, resilience, intelligence, and investigations while respecting the depth and craft of each discipline.
- **Innovation spotlight & curated 1-2-1 meetings + Cultural evening networking** experiences.

Join us in Singapore!

Warm regards,

CISO + CSO 360 Asia & Oceania Team

Pulse Conferences

"One of the things I enjoy about a Pulse 360 event is that you get a global view. You're bringing folks together from around the world to share and it helps us to understand the bigger implications of what we're doing and to develop best practices. Pulse gives us a bigger audience to see wider."
Sounil Yu, Co-Founder and CTO, Knostic

Session types

◆ Case Stories

Hear battle-tested strategies from peers who've been in the trenches.

◆ Panels

Delegates are invited to shape the conversation - engaging, two-way, organic discussions. No rehearsed pitches, just honest answers.

◆ CISO + CSO 360 Roundtables

Tactical table discussions where you collaboratively solve real challenges with peers.

◆ Spotlights

CxOs and corporate leaders outside the security sphere bring fresh perspectives.
