# CISO 360 Think Tank: Cyber Risk Quantification

## Complimentary Guest Invitation

### Why Attend

- CISO-led CRQ Fireside Chat on how cyber risk quantification is landing at board level
- CRQ benchmarking roundtables with CISO peers
- Translate cyber risk into decision-grade insight
- Build meaningful peer relationships through curated networking, afternoon tea, and an end-of-day reception!

### Who is on the Panel?

- Moderator: Matt Middleton-Leal, Managing Director for EMEA North, Qualys
- Panellists: Thomas Eeles, Head of IT & IT Security, Gumtree.com
- Michael Colao, CISO/CSO. Former Chief Underwriter – Direct and Indirect Risks
- Ivan Milenkovic, VP of Cyber Risk Technology, Qualys
- James Gosnold, Head of Cyber Security, Ilkari
- Jason Coupe, CISO, Monument

### Discussion Topics

- How are CISOs measuring, prioritising, and communicating what matters most?
- What makes CRQ defensible in the CISO 360 board context?
- How are we using CRQ to balance innovation, trust and resilience?.

### Practicalities

- **The Chatham House Rule applies** creating the space for honest sharing among peers
- Invitation-only Think Tank is **complimentary for CISOs and senior cybersecurity practitioners** and intentionally limited to ensure meaningful, high-value discussion.
